COVID hitting more youths now: DC

Youngsters and floating population turning out to be super-spreaders

Mysuru, Apr. 3 (MTY&BCT)- A majority of COVID-infected persons now are youths below 40 and this is because of sheer carelessness. "Mysuru reported 174 positive cases yesterday and today too, 170 cases will be reported. This indicates steady and high infection rate. We have found that a majority of youths are being infected," said Deputy Commissioner Rohini Sindhuri.

Addressing a press meet at her Office this morning, she said that floating population in Mysuru too is contributing to infection rate. "90 percent of positive cases are reported from the heart of the city and primary and secondary contacts are not turning up for tests. In Karnataka, Mysuru has touched a positive rate of 1.9 percent and it has increased from 1.4 percent two to three days back," she explained.

Youths are being careless and have gone complacent after the initial surge in Mysuru where an average 600 to 800 positive cases were being reported last September and October. "People think that they are immune from Coronavirus and this trend is dangerous. No one is following COVID protocols. Even at crowded places, people are not following rules. This calls for stricter enforcement," she said.

Examining the positive rate, the district administration has concluded that there are no cluster cases. "Youths and floating population are turning out to be super-spreaders. We are seeing a spike as testing has increased. Death rate too is shown an increase as people from Severe Acute Respiratory Infection (SARI) and other co-morbidities are dying," she explained.

Deputy Commissioner Rohini Sindhuri

Regarding vaccination of over 3.5 lakh people above 40 years in Mysuru, she said that the process of all-days vaccination has been set in motion and vaccines are made available at all Hospitals and Primary Health Centres (PHCs). "We are discussing with MAHAN (Mysuru Association of Hospitals, Nursing Homes, Clinics and Diagnostic Centres) on ways and means to provide free vaccination to all so that it can motivate more people to come and vaccinate," she said.

There are over 166 PHCs in Mysuru and 510 sub-centres. Over 210 sub-centres do not have doctors and nurses. "Steps will be taken to fill vacancies and resume vaccination process at all Centres. Today till afternoon, 170 cases have been reported and of that 144 cases are from the heart of the city and most of them below 40. Secondary contacts can turn super-spreaders as they are not coming for testing. Only 20 percent of them are coming for testing," she said.

Big budget movies hit as 50 percent rule enforced

No roll-back in Govt. decision on new restrictions, Health Minister clarifies

Mysuru, Apr. 3 (SBD&BCT)- The ardent movie-goers are a disappointed lot yet again as the State Government has imposed 50 percent occupancy rule in theatres and multiplexes following steep rise in COVID cases. This decision has ruffled the feathers of the film industry that was just now looking up with new blockbuster releases.

Earlier, after lockdown was lifted, cinemas were prevented from admitting audience to full capacity and restrictions like alternate row seating, mandatory sanitisation of seats after each screening and capping hall capacity to 25 percent were imposed. Later, it was relaxed to 50 percent occupancy but it was not financially feasible to start theatre operations. Many in the industry were highly sceptical about how many people will risk coming to theatres. Added to this, there were no big releases.

'Roberrt' and 'Yuvarathnaa' affected: But since a month, there have been a couple of new movie releases and preparations were on in full swing to welcome audience back to theatres. Even producers, while acknowledging they have already incurred huge losses, were thrilled at the prospect of releasing movies.

Gyms seek relief package

as Govt. orders their closure again

Karnataka Gym and Fitness Centre Owners' Association President A.V. Ravi addressing a press meet in city this morning as Mysuru Gym and Fitness Centre Owners' Association President M.S. Harsha** (left) **and Director Shama Rao look on.

Mysuru, Apr. 3 (MTY&BCT)- Gym owners and fitness trainers in Mysuru are distraught as their only source of livelihood has been snatched away by the State Government yesterday after orders were passed to close all gyms across the State.

"While hotels, bars, theatres have been allowed 50 percent occupancy, why the gyms have been asked to shut down? This is an autocratic and highly partial rule that favours only one section of the business and kills businesses like gyms and fitness training," said Karnataka Gym and Fitness Centre Owners' Association President A.V. Ravi.

Addressing a press conference in city this morning, Ravi said that ever since the COVID-19 lockdown was declared in March last year, there has been no substantial earnings at gyms.

EDITOR'S BOTTOMLINE

While the physical and economic toll of the pandemic is being quantified in various ways, this is harder to do with its psychological consequences. But there's little doubt that the burden of stress, anxiety, depression and mental health disorders has risen dreadfully over the past year. Of course our brain is much more individual than say our lungs, so there are no one-size-fits-all solutions here. But more openness and empathy in conversations, better understanding, and good support infrastructure can make a world of difference. On children, whose education and home and play have taken strange shapes, the impact has been monumental. Last year the nation was convulsed by Sushant Singh Rajput's suicide and last week saw the shocking suicide of young wrestler Ritika Phogat. Attempt to suicide was a punishable offence until 2017, when the law was changed to recognise the causality of "severe stress". It's likewise time to remove abetment to suicide from the statute books. While the above acts speak to the wider mental health challenge of our times, they're also deeply individual choices. What we must learn from these is to address mental health issues with sensitivity, compassion and trained counselling.

At 91, this Cop has no plans to retire yet!

Camden: At 91 years of age, LC "Buckshot" Smith may just be the world's oldest serving Police officer, but he says he has no plans to retire just yet.

Buckshot doesn't move around as fast as he used to, but that hasn't been stopping him from patrolling the street of his home town, Camden, in Arkansas, four days a week. After serving for 46 years as a Deputy, he retired, but he couldn't stay away from the job for more than five months.

He doesn't hunt, doesn't fish, all he ever enjoyed doing was being a Police officer, so he went back to work in his 80s, as a rookie Cop. He loves serving his community and only plans to retire for good "when the good Lord tells him to."

Ballpoint pen drawings of Mostafa Khodeir

Cairo: Mostafa Khodeir, a talented young artist from Egypt, spends up to two months working on a single one of his ballpoint pen drawing, but the result of his labor is nothing short of awe-inspiring.

The first time that 28-year-old Mostafa Khodeir saw hyper-realistic ballpoint pen drawings, he was speechless, even though, in hindsight, the skill level of the artist was pretty low. He decided to try it for himself, so he started practicing, and after a while he started producing some truly impressive material. Khodeir can spent up to two months on certain drawings, but the result are always impressive.

The hyperrealist was encouraged to join Twitter in 2018 by his friends, and the first ballpoint pen drawing he ever posted on the popular social network ended up getting over two hundred thousand likes. It was a portrait of a baby, which remains one of his most amazing drawings ever.

VOICE OF THE READER

This road crying for attention

Sir,

There is one important road connecting Kalidasa Road near Karnataka Bank to Contour Road near Aditya Hospital which passes through the cremation ground on both the sides.

Recently in a stretch of about 200 to 300 meters, it seems the UGD line has been freshly laid and after that it has been filled with jelly and M-sand. But this road is very narrow and has become very difficult for the two and four-wheelers to go in that uneven road. One vehicle has to stop to allow the opposite vehicle to pass-by.

Meanwhile, some drivers (especially two-wheelers) continually honk from behind to give way because of the unevenness of the road after the UGD work. Some drivers do not give way to motorists who want to overtake and thus even engage in verbal exchange.

The road condition is in such a way that the jelly filled UGD work may puncture the tyres also. As a result, the drivers hesitate to run the vehicle on those points which causes irritation to other drivers who want to overtake.

Hence, the authorities concerned are requested to asphalt the road immediately to avoid accidents and inconvenience to the motorists.

Improve facilities: KRRS warns MMC&RI Dean

Mysuru, Apr. 3 (PM&SSV)- Karnataka Rajya Raitha Sangha (KRRS) has threatened to lay siege to office of the Dean, Mysore Medical College and Research Institute (MMC&RI), in case he fails to improve facilities at K.R. Hospital within 15 days.

KRRS President Badagalapura Nagendra told media here on Thursday that the Hospital now was in a very bad shape due to lack of maintenance. Toilets stink and the whole area has become a den of unhygienic condition. Around 8,000 people visit this Hospital daily for treatment. In fact, things had improved when KRRS had launched a stir in 2002 but now it has come back to square one. The situation was not good in other Hospitals like Cheluvamba and PKTB Sanitorium that come under MMC&RI. Need of the hour was to bring all Departments under one head on the lines of Victoria Hospital in Bengaluru, he added.

He claimed that Trauma Care Centre and the District Hospital were converted into Vaccination Centre and COVID-19 Care Centre (CCC) respectively but they too lacked basic facilities. He also urged Seth Mohandas Tulsidas (SMT) Hospital authorities to invite Health Minister to inaugurate it in the interest of poor patients.

COVID curbs on Hotels, Bars, Cinemas till April 20

Gyms, Pools to shut, Physical classes for students from Class 6 to 9 suspended

Bengaluru, Apr. 3 (KMS&BCT)- After reviewing the COVID-19 situation across Karnataka and observing a steady and rapid rise in COVID-19 numbers even as large public gatherings, events and rallies continue to be held, the State Government last evening introduced fresh restrictions.

This included the closure of gyms and swimming pools and a reduction in the seating capacity of pubs, bars and theatres to 50 percent. Rallies, dharnas and public gatherings shall be prohibited. The orders will be in force till Apr. 20 and later, a further call would be taken.

In places of worship, individuals are permitted to visit and offer prayers only. There shall be no gatherings, functions, etc. In apartment complexes, the common facilities shall remain closed.

Physical classes for students from Class 6 to 9, including Vidyagama, shall be suspended and Classes 10, 11 and 12 can continue in the existing mode. However, attending these classes in person is not mandatory. Classes of higher and professional courses shall be suspended, except classes due for Board or University examinations and of Health Sciences will continue.

Boarding schools and residential hostels shall be closed, except for the students of Classes 10, 11, 12 and for students of higher and professional courses appearing in Board and University examination and Health Sciences.

Chief Secretary P. Ravi Kumar, who held a meeting with the Union Cabinet Secretary, issued the guidelines after reviewing the current scenario of COVID-19 cases in cities. However, the Government has decided against imposition of lockdown or night curfew.

In public transport vehicles, the number of passengers should not be more than the available seats. The notification also said that office employees will be encouraged to work from home to the maximum extent. Similarly, shopping malls, closed markets and departmental stores have been directed to ensure strict enforcement of norms, failing which the premises will be sealed till the end of the pandemic.

Cinema theatres would operate with 50 percent seating capacity in Bengaluru Rural and Urban, including Bengaluru, Mysuru, Dakshina Kannada, Kalaburagi, Udupi, Bidar, and Dharwad districts. With many people found eating in hotels, the Government said consumers should not be more than 50 percent the capacity in bars, pubs, restaurants and clubs in these districts.

For containing the pandemic, COVID Appropriate Behaviour has to be followed in public places. Wearing of masks, maintaining social distance and use of sanitisers has been made mandatory in bars, pubs, restaurants, and clubs.

The Government's decision on seating arrangements in bars, restaurants, pubs, and clubs has not come as a surprise to restaurateurs. Many restaurants have already adopted such measures while others admitted that patronage has dropped since the last fortnight.

The systematic rise in positive cases has prompted owners of several hotels and restaurants to impose restrictions such as reducing the number of tables and not accepting bookings for parties even before the Government announced the new guidelines.

However, the Government's decision to suspend physical classes for students from standards VI to IX has come as a surprise to private school managements who are worried about the academic schedule. Many schools were midway through the examination process, which they have now decided to cancel or conduct online.

FRESH COVID CURBS

- No lockdown or semi-lockdown and night curfew
- Rallies, dharnas and public gatherings prohibited
- Boarding schools to be closed except for students of 10, 11, 12 and higher, professional courses appearing in Board/ University examination and Health Sciences
- Only offering of prayers allowed at places of worship and gatherings are not allowed
- Employees will be encouraged to work from home to the maximum extent
- COVID appropriate behaviour has to be followed in public places
- Decision to speed up vaccination process

Gyms seek relief package

(Continued from page 3)

"We have not been able to pay the rent of the buildings or the instalments against loans taken for purchase of gym equipment. It has become difficult to make ends meet," Ravi said adding "The condition of the owners of the gym has worsened. We have to pay a minimum of Rs. 60,000 to Rs. 1 lakh rent of the buildings and since last March we couldn't pay the rent, salary to trainers and also cleaners. It's important for us to keep gyms open and run them with all precautions and guidelines but the Govt. is not allowing us to pay our loans and many gym owners and trainers are facing a tough time to earn living. This disparity towards gyms is disheartening."

Trainers in local gyms are not paid hefty salaries. A gym trainer earns Rs. 15,000 a month which is a meagre amount for the trainer being the only breadwinner in the household. There are more than 250 gyms and fitness centres in Mysuru and if the same situation continues, most of them will face permanent shutdown.

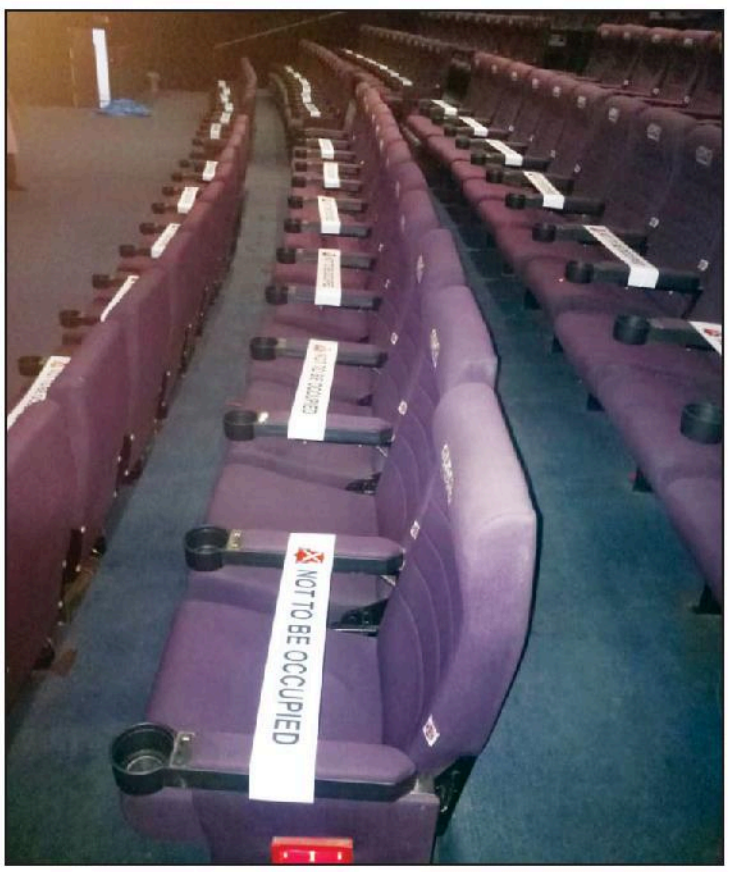
Gyms are considered by the Government as high-risk in view of the gathering of people in a closed environment. Sweating, heavy breathing and coughing and sneezing could contribute to spreading the virus. "Even theatres and bars function in closed spaces. Why are they allowed to operate in 50 percent occupancy capacity," Ravi questioned.

"Contrary to many other businesses, there are no special relief packages. Despite gym owners appealing to the State Government for a financial package, the order has been passed to shut. Personal trainers are already struggling with unemployment due to no opportunities and it's a long struggle ahead if there is no Government assistance," said President of Mysuru Gym and Fitness Centre Owners' Association M.S. Harsha.

Mysuru Gym and Fitness Centre Owners' Association Secretary Suresh Chandra, Vice-President Syed Salman, Director Shama Rao and Treasurer Akash Deep were present.

Big budget movies hit

as 50 percent rule enforced



(Continued from page 3)

Big ticket movies like Challenging Star Darshan's 'Roberrt' and Power Star Puneeth Rajkumar's 'Yuvarathnaa' were released to jam-packed theatres. Even Duniya Vijay's 'Salaga' is set to be released in April.

But the new curbs have come as a blow to the cinema industry. In fact 'Yuvarathnaa' was released yesterday and movie buffs have already booked tickets in advance. The movie has been released in hundreds of theatres across the State.

As soon as the new restrictions were announced, the Karnataka Film Chamber of Commerce (KFCC) reacted that the industry will suffer a huge blow. Even Puneeth Rajkumar, who had launched many movie-promotion events in several cities including Mysuru, appealed to the Government to allow 100 percent occupancy in theatres. The actor, in a Facebook appeal, told the Government that all COVID protocols in theatres would be followed.

Unilateral move

"Everybody in the industry will be bankrupt now. The guideline is issued without consulting the Film Chamber. We would have stalled the recent releases if the Government had informed us in advance. The cost of running a show is the same irrespective of the occupancy at 50 percent or 100 percent," KFCC President D.R. Jairaj told reporters in Bengaluru.

M.R. Rajaram, Vice-President of Karnataka Film Exhibitors Federation, said that the Government's guidelines have to be followed. "We have no other go. All single screen theatres opened just three weeks back and an opportunity to run houseful has been snatched now. There is a 50 percent fall in our income. If cinemas release, then we can somehow manage but if there are no cinemas, invariably theatres have to be shut," he said.

Public appeal

Meanwhile, theatre authorities have appealed to the public to bear with them in case there is some confusion regarding the already booked tickets for the movies. In a statement, the Management of DRC Cinemas, B.M. Habitat Mall, has stated that as the Government has issued emergency orders restricting the seating capacity to 50 percent with immediate effect, it has caused a lot of confusion in the bookings for Apr. 3 (today) and Apr. 4.

"We have tried to adjust the seats with bookings to the best of our ability. However, we acknowledge that there may be some slip-ups here and there due to this sudden order. Also, we request the patrons to strictly follow all COVID precautions," the statement said.

No rollback: Dr. Sudhakar

Health and Medical Education Minister Dr. K. Sudhakar has ruled out increasing the theatre capacity to 100 percent. "There is no question of rollback and we are firm on this. These tough rules are needed to prevent the contagion from spreading. All the rules and restrictions have been imposed after consultations with COVID-19 Technical Advisory Committee," he told reporters in Bengaluru this morning.

"We have listened to appeals of rule relaxations from all quarters. The guidelines have not suddenly been imposed and it is a measured response," he clarified.

Man sets family on fire in South Kodagu; six dead

Shocking act in drunken stupor; three charred alive; three die in Mysuru Hospital

Ponnampet, Apr. 3 (PS, RK & BCT)- In a shocking incident, six persons including little children were burnt to death after a man set a house on fire in a drunken stupor. While three persons were charred on the spot, three more died at K.R. Hospital in Mysuru after sustaining 95 percent burns. Two more persons are in a critical but stable condition with 60 percent burns.

The incident occurred in the wee hours of today at Mugutigeri village near Ponnampet in South Kodagu where a group of estate labourers were staying in the line house of Kolera Vasantha Chittiappa. The house is located by the side of the road and as such, screams of victims were heard by neighbours.

Yeravara Manju and his family stayed in the line house and yesterday, some relatives had come to his place and all of them were sleeping in the main portion of the house. The relatives and Manju partied all night and slept at midnight. However, there was some argument between Manju's parents Yeravara Boja and Paniyeravara Seethe and they both fought with each other and later slept.

Meanwhile at around 2 am, Boja, in a drunken stupor, got up and locked the front door of the house from outside. He later climbed onto the tiled roof of the house using a wooden ladder with cans of petrol. He allegedly lifted a couple of tiles and poured petrol on the sleeping family members and guests. He later dropped the already readied burning materials inside.

The fire spread on the blankets and clothes immediately inside the room where eight persons including Paniyeravara Seethe (45), Paniyeravara Baby (40) and Prarthana (6) and five others were fast asleep. Unable to battle the bellowing smoke and engulfing fire, Baby, Seethe and Prarthana died on the spot.

The other five persons managed to break the main door and come outside. As it was a roadside home, screams were heard by neighbours and the estate owners. The five persons were rushed to the K.R. Hospital where three children 7-year-old Vishwas, Prakash and Vishwas succumbed to burns.

Doctors treating them at Burns Ward of the Hospital told *Star of Mysore* that the three children had sustained 95 percent burns. The condition of the remaining two persons is critical but stable with 60 percent burns. Ponnampet Police have rushed to the spot and Yeravara Boja is missing. Teams have been formed to arrest the accused.

Consumer Forum fines Rs. 5,000 for charging Rs. 42 extra on liquor

Shivamogga, Apr. 3 (SSV)- District Consumer Disputes Redressal Forum, Shivamogga, has imposed a fine of Rs. 5,000 on owner of a liquor shop for collecting Rs. 42 above Maximum Retail Price (MRP) from customer.

The order was issued by a Bench consisting of Forum President C.M. Chanchala and Savita B. Pattanashetty and P.V. Lingaraju, members.

The owner of Srinidhi Wines, Ratnakar Shetty, was ordered to pay Rs. 5,000 which included Rs. 1,000 for causing mental agony, Rs. 2,500 as Court expenses and deficiency service and Rs. 1,000 for charging Rs. 42 additional charges with an annual interest of 10 percent, to the complainant, C. Shivaram.

Details

On Sept. 21 last year, Shivaram of Bhadravathi had purchased 21 packets of 90 ML whisky from a wine store in Shivamogga.

The MRP of each packet was Rs. 27.98 and accordingly, the bill should have been Rs. 587.58. However, the shop owner had demanded Rs. 630.

Upon enquiry, the shop owner Shetty gave evasive reply. Upset over this, Shivaram had registered a complaint against Shetty and demanded a compensation of Rs. 95,000.

During enquiry, the shop owner claimed that such big quantity liquor was not purchased by individual for personal use but for functions.

They had also given packing material for carrying 21 packets and Rs. 45 was charged for this purpose. Usually, all customers throw the bills after purchasing liquor. But, the complainant had taken the bill of other customers with other motive. However, Shetty failed to produce evidence to substantiate his charges.

Not satisfied over the owner's reply, the Forum passed its order quoting the National Consumer Redressal Commission's judgements in Hotel Nyay Mandir Vs Eshwarlal Jeevabhai Desai, Snack Bar Vs D.K. Chopra cases, and directed Shetty to pay compensation within the stipulated period or else to pay with 10 percent annual interest.

WORD OF THE DAY

Alacrity

Pronunciation: uh-LAK-ruh-tee.
Meaning: Promptness in response : cheerful readiness.
Origin: "I have not that alacrity of spirit / Nor cheer of mind that I was wont to have," says William Shakespeare's King Richard III in the play that bears his name. Alacrity derives from the Latin word alacer, meaning "lively" or "eager." It denotes physical quickness coupled with eagerness or enthusiasm. Are there any other words in English from Latin alacer? Yes—allegro, which is used as a direction in music with the meaning "at a brisk lively tempo." It came to English via Italian (where it can mean "merry") and is assumed to be ultimately from alacer.
Example: "Tom gave up the brush with reluctance in his face, but alacrity in his heart. And while the late steamer Big Missouri worked and sweated in the sun, the retired artist sat on a barrel in the shade close by, dangled his legs, munched his apple...." — Mark Twain, The Adventures of Tom Sawyer, 1876

THE ODD WORD

Abbozzo

Preliminary sketch.

PHRASE OF THE DAY

Actions speak louder than words

Meaning: That means a person's actions are more impactful than just their words alone. Put another way—instead of just talking about doing something, it's more meaningful if a person actually does something.
Origin: Sometimes people say they will do something, but then they don't do it. For example, a husband might tell his wife that he will start doing more chores around the house to help her out. That's nice and all, but what if he never follows through? Then his wife might tell him "actions speak louder than words," which means that instead of only saying he will help out with the chores, it would more meaningful if he actually took action and did the thing he said. Yes, this expression emphasizes that our actions matter more than just our words alone.
Anyway, enough about that. Let us talk about the origin of this phrase. Its earliest known appearance (with the exact wording it has today) is in a work called Melancholy State of Province, 1736:
"Actions speak louder than words, and are more to be regarded."
